Texas Dual Notifier Sites

Samuel L. Nott, Chief  
Enforcement Section, 6AW-SE

Dave Peters, Chief  
Hazardous Waste Section, 6ES-SH

As we agreed with the State at our meeting November 3, we will begin assessing the Dual notifier sites. The procedure for these sites will be:

1. FIT will review EPA files and 103(c) notification forms.
2. FIT will review State files, checking especially for State enforcement activity or previous remedial action.
3. FIT will complete a preliminary assessment and determine if a reconnaissance inspection is necessary. If so, they will conduct the inspection and complete a site inspection form. If not, we will make a determination based on the preliminary assessment.

If you have any questions about these sites, please contact Martha McKee at 74075.
